ECONOMIC ANALYSIS EXPERIENCE

City hall of Strasbourg, France 2021 - 2022

Made an expert assessment: “Local Basic Income in Strasbourg (2022-2024)” to advise politicians on the experimentation design. Made a proposal on the targeted public, on which threshold we should select to define our target audience, on the criteria we should evaluate, on the basic income level, and on which evaluation policy methods to use (e.g., randomized controlled trial).

BETA, University of Strasbourg, France 2019

Made an impact assessment of the Fantasy Film Festival of Strasbourg on the local economy (employment, tax revenue). Created a survey intended for film industry stakeholders to collect data for assessing the impact of the festival on their annual activity. Capacity to identify relevant information, to rapidly understand a new topic, to teamwork, and to treat data.
